

The Association of
Energy Engineers®

Member Information

Join a Growing
Community of Energy
Industry Professionals

Join Today

Dear Industry Professional,

You are invited to join more than 18,000 of your energy colleagues by becoming a member of the Association of Energy Engineers (AEE).

By joining AEE, you will have access to a variety of programs, including discounts on training programs, subscriptions to leading-edge technical publications, discounts on professional services, as well as industry networking opportunities. You also gain access to vital industry-specific information that keeps you fully informed, while participating in an organization that recognizes outstanding professional achievement. By becoming a part of AEE and participating in our programs, conferences, seminars, and expos, you'll benefit from early exposure to the new and innovative ideas, technologies and services in the industry.

Our mission is to promote the scientific and educational interests of those engaged in the energy industry and to foster action for sustainable development. Our goal is to provide you with a framework within which you can network and promote your business interests, stay abreast of the latest industry trends and acquire the tools you need to maintain your competitive edge. We sincerely hope you will join us in our mission and become a part of the AEE family.

Cordially,

Albert Thumann, P.E., C.E.M.
Mr. Thumann is the Executive Director and Founder of the Association of Energy Engineers. He is a licensed professional engineer and holds two masters degrees in computer science and industrial engineering. Mr. Thumann is a Certified Energy Manager and the author of 25 energy books. He was inducted into the AEE Energy Managers Hall of Fame in 1997.

Your Membership Benefits

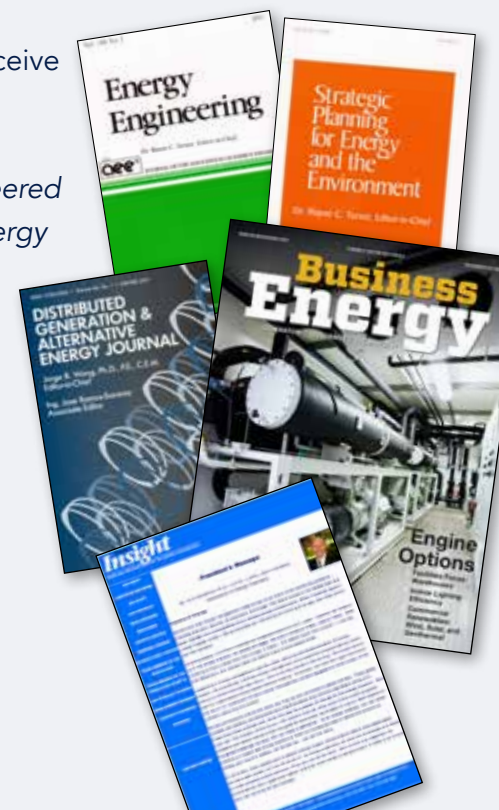

AEE PUBLICATIONS

When you join AEE you receive two authoritative online journals absolutely free - *Energy Engineering* and *Strategic Planning for Energy and the Environment*. When you join either the *Alternative & Renewable Energy Development Institute* or the *Cogeneration and Distributed Generation Institute*, you also receive a third online journal free of charge - the *Distributed Generation* and *Alternative Energy Journal*. If purchased separately, these journals are valued at \$1,094. Members can also access back issues online.

In addition, all AEE members receive the following publications - *AEE Energy Insight*, *Compressed Air Best Practices Magazine*, *Engineered Systems Magazine*, *Business Energy Magazine* and the *Energy, Facility, Power Monthly Newsletter*.

We Are AEE

The Association of Energy Engineers (AEE) is your source for information and networking in the dynamic fields of energy engineering and energy management, renewable and alternative energy, power generation, energy services, sustainability, and all related areas. As a growing professional association, AEE's overall strength is augmented by its strong membership base of over 18,000 professionals in 105 countries and its widely recognized energy certification programs. Its network of over 90 local chapters located throughout the U.S. and abroad meet regularly to discuss issues of regional importance.

The Association of Energy Engineers (AEE) has awarded certification to more than 30,000 professionals, thus enabling them to receive special recognition for their expertise in a variety of specialized areas of the energy, power, sustainable development and green facilities industries.

"AEE Membership and certifications enhance your professional status within the industry and help you gain a competitive edge on requests for proposals."

Become AEE Certified

The Certified Energy Manager (CEM) and Certified Energy Auditor (CEA) programs are accredited under ANSI/ISO/IEC Standard 17024 for Personnel Certification Bodies and is a U.S. Department of Energy Better Buildings Workforce Guidelines Recognized Program.

Chapters

AEE currently has 60 chapters in the U.S. and 30 international chapters offering our members these important opportunities:

- ▶ Earn recognition through AEE's Awards programs
- ▶ Participate in AEE Foundation Scholarship program
- ▶ Hear from local experts on latest advances in energy
- ▶ Learn about business opportunities in the community
- ▶ Contribute to the community through service projects
- ▶ Expand circle of contacts by sharing with other local chapters at annual chapter Leadership Meeting
- ▶ Develop leadership skills
- ▶ Network with colleagues

For additional information on international chapters or to find an up-to-date list of chapters visit: www.aeecenter.org/Chapters

...or contact:

to network with energy
professionals around the world”*

Careers and Job Referrals

In order to take a more active role in providing members with increased job opportunities, AEE has established an online Job Center. Here, you can view various job postings, which are continuously being updated. If you are seeking qualified candidates, we invite you to post your job opportunity in the Job Center. To find out more at:

www.aeecenter.org/Jobs

Special Member Discounts

AEE has teamed-up with various suppliers to offer its members special discounts and access to information services. Check out the website to learn about UPS and Geico member benefits.

www.aeecenter.org/Affiliates

Awards Program

AEE gives special recognition to individuals, companies, and projects that have demonstrated notable contributions to the profession. International Awards are given in these categories:

- ▶ Energy Engineer of the Year
- ▶ Corporate Energy Management
- ▶ Energy Professional Development
- ▶ Institutional Energy Management
- ▶ Energy Manager of the Year
- ▶ Energy Project of the Year: National
- ▶ Energy Project of the Year: International
- ▶ Innovative Energy Project of the Year
- ▶ Innovative Energy Innovator of the Year
- ▶ Young Energy Professional of the Year

Awards are also given at the regional and local levels.

Aligning with Industry

Participate in Industry Surveys

Each year, AEE polls both its individual and corporate members on vital issues impacting the energy, facility management, utility, environment, and power industry. These surveys, such as the *Salary Survey*, and the *AEE Member Opinion Survey* reflect how the industry is changing and keep you informed of important trends. As an AEE member, you will be able to submit your opinion and view the results of each survey.

Energy Manager Hall of Fame

The Energy Managers Hall of Fame recognizes individuals for their lifetime achievements in promoting both the practices and principles of energy management. New members of the Hall of Fame are inducted at the *World Energy Engineering Congress* each year.

Scholarship Awards

Undergraduate scholarship assistance is provided through the Foundation of the Association of Energy Engineers, a non-profit organization dedicated to furthering education in energy management. To date, the Foundation has awarded a total of \$765,000 in funds for use by over 1,300 outstanding students.

"AEE informs its members of changes throughout their industry and recognizes major achievements"

Continuing Education Programs

Education and Books

AEE sponsors numerous continuing education seminars and conference programs across the country. Members typically receive a \$100 discount compared to non-member registration rates for these programs. AEE members also receive a 15% discount on reference books offered through the AEE book catalog and through the Online Bookstore. For a listing of upcoming programs visit our website.

Find out more at www.aeecenter.org/Seminars
www.aeecenter.org/Books

Professional Engineer

AEE's Programs Provide Professional Development Hours (PDH) and Continuing Education units (CEU) for PE License Renewal and AEE Certification.

AEE is an approved provider for PE license renewal in Florida, New York, Louisiana and North Carolina and is recognized as a non-profit training provider in other states requiring professional development hours (PDHs)

AEE continuing education units can be used for certification renewal

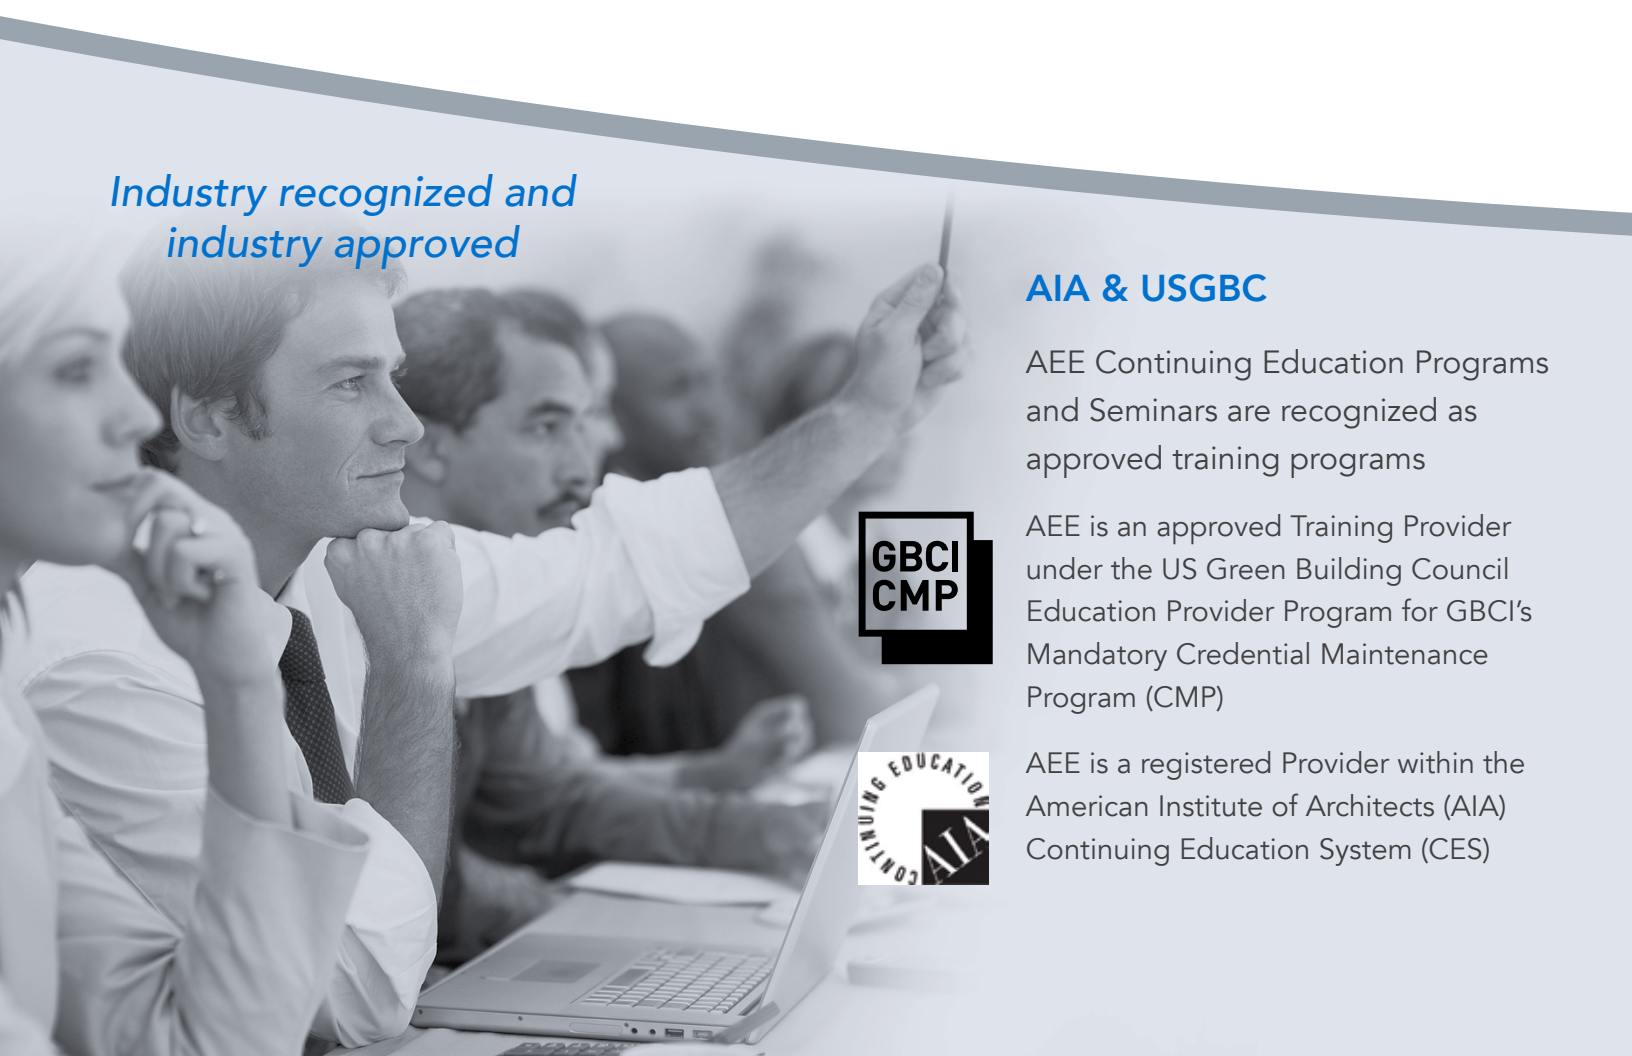

*Industry recognized and
industry approved*

AIA & USGBC

AEE Continuing Education Programs and Seminars are recognized as approved training programs

AEE is an approved Training Provider under the US Green Building Council Education Provider Program for GBCI's Mandatory Credential Maintenance Program (CMP)

AEE is a registered Provider within the American Institute of Architects (AIA) Continuing Education System (CES)

Alternative & Renewable Energy Development Institute

AEE's AREDI division is for professionals representing all segments of the alternative energy industry. The division addresses state-of-the-art technological advances in solar, wind, biomass, and other green, renewable and alternative energy sources. Members will receive a subscription to the online Distributed Generation & Alternative Energy Journal, in addition to the standard AEE member benefits.

Cogeneration & Distributed Generation Institute

CI is comprised of professionals representing all segments of the cogeneration and distributed generation industry. Interest areas include independent power production, exempt wholesale generation, new technologies and applications, and regulatory, market and other power industry developments. Members will receive a subscription to the online Distributed Generation & Alternative Energy Journal and Cogeneration and On-Site Power Production magazines, in addition to the standard AEE benefits.

Council on Women in Energy & Environmental Leadership

The Council on Women in Energy & Environmental Leadership (CWEEL) provides a network for women in the energy and environmental industries that can assist in supporting career development for professional women, mentor young and aspiring women to pursue technical education and careers in the energy and environmental fields, and establish CWEEL as a forum for women to promote policy in the energy industry.

Energy Managers Society

Members of the Energy Managers Society (EMS) receive a complimentary subscription to the Energy Managers Digest.

AEE Divisions

Join a Division

In addition to joining AEE, add a division to your membership status and you will receive additional, specialized publications.

AEE also has three other divisions you may choose to join, The Environmental Engineers and Managers Institute, The Energy Services Marketing Society and The Facility Managers Institute.

Find out more at www.aeecenter.org/Divisions

Offering further opportunities to meet the growing needs of business, industry, and government professionals

Conferences & Trade Shows

Unique Networking Opportunities

AEE Shows are held three times a year. Each conference and tradeshow features the leading experts in the industry, as well as a multidimensional expo. AEE's fall convention, the World Energy Engineering Congress celebrating its 38th year, is the flagship event featuring more than 250 technical presentations and a megaexpo. AEE also presents two leading industry events throughout the year, the Energy Management Congress West and GLOBALCON. Members receive a \$100 discount on all conferences.

"Industry anticipated events that present the real issues and marketplace developments that impact your daily decisions"

"Stars of Energy"

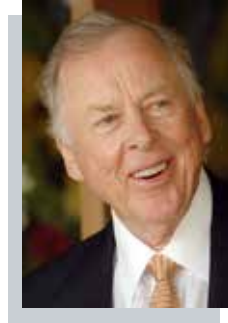

Meet some of the Keynote speakers at the AEE Conferences

32nd WEEC
Robert F. Kennedy, Jr.
Environmental Activist and Attorney

33rd WEEC
Thomas L. Friedman
Pulitzer prize winning author and NY Times Columnist

34th WEEC
T. Boone Pickens
Founder and chairman of BP Capital Management and author of: The First Billion Is The Hardest

34th WEEC
Alexandra Cousteau
Environmental Advocate and Water Policy Expert

31st West Coast EMC
Amory Lovins
Co-Founder, Chairman and Chief Scientist of Rocky Mountain Institute

37th WEEC
President Bill Clinton
42nd President of the United States

35th WEEC
Gen. Colin L. Powell, USA (Ret.)

35th WEEC
Ted Koppel
Special Correspondent, Columnist, & Legendary Anchor of ABC News' Nightline

22nd GLOBALCON
Edward G. Rendell
Former Governor of Pennsylvania, Partner at Ballard Spahr, LLP

29th West Coast EMC
Ed Begley, Jr.
Actor, Energy Advocate and Noted Author

36th WEEC
Arnold Schwarzenegger
California's 38th Governor, Cultural Icon, & Environmental Crusader

38th WEEC
Dr. Condoleezza Rice
Political scientist, diplomat and Former U.S. Secretary of State

Become AEE Certified

Distinguish Yourself

The Association of Energy Engineers (AEE) was the first organization to pioneer energy certification programs. AEE Certification Programs distinguish you — No other organization can match the AEE Certified Energy Manager® (CEM®) and Certified Energy Auditor® (CEA) credentials.

Industry Recognition

AEE has implemented energy certification programs for over 30 years. They are widely recognized by a growing number of international government agencies, Fortune 1000 companies, corporations, utilities, and energy service companies. Our continuing education units can be used for Professional Engineer License Renewal and Certification Renewal.

Widely Available

AEE offers preparatory training programs in a variety of formats – including live, real-time online, 24/7 online and self-study – to meet your specific requirements. In addition, certification examinations may be taken at the end of a live seminar or at a network of over 160 remote testing centers.

In the U.S.

AEE's certification programs are recognized by federal government agencies, such as the U.S. Department of Energy, State Department and the U.S. Agency for International Development.

- ▶ The Certified Energy Manager (CEM) and Certified Energy Auditor (CEA) certifications are a U.S. DOE, Better Buildings Workforce Guidelines Recognized Program
- ▶ AEE Certifications are recognized for the performance of commissioning and auditing services at the state and local level. For example, under Local Law 87 in New York City and through the Commercial Buildings Energy Performance Ordinance for San Francisco.
- ▶ AEE is an Approved Training Provider under the U.S. Green Building Council Education Provider Program for GBCI's Mandatory Credential Maintenance Program (CMP)
- ▶ AEE is a registered Provider within the American Institute of Architects (AIA) Continuing Education System (CES)
- ▶ AEE is an approved provider for PE license renewal in Florida, New York, and North Carolina and is recognized as a nonprofit training provider in other states requiring Professional Development Hours (PDHs)

In Europe

AEE's international CEM and CEA certifications are recognized under the EU Energy Efficiency Directive, UK's Energy Savings Opportunity Scheme (ESOS) and Ireland's regulation SI426 to implement Article 8 (4-6) of the EU Energy Efficiency Directive (2012/27/EU).

In the Middle East

Regulations for accreditation and licensing are now in place in United Arab Emirates and the Kingdom of Saudi Arabia for the CEM, CEA and CMVP.

For complete details on certification go to:
www.aeecenter.org/certification

Tangible benefits for your organization and employees

Corporate Membership

Positive Exposure

Organizations that realize the value of achieving a high level of visibility in the energy industry are likely candidates for AEE corporate membership. In itself, the decision to join indicates your interest in promoting and participating in high levels of professional excellence. As a Corporate Member, you will receive a membership plaque to display in your offices and the following specific benefits more than justify the cost of membership.

Recognition

Your company name will be prominently listed in the Proceedings and Corporate Member Showcase at all three AEE trade shows (WEEC, EMC and Globalcon). It will also be included on the AEE website and in AEE publications, such as the AEE Energy Insight.

Member Discounts

Corporate Members enjoy a number of special discounts available to each of its employees.

Great Publications

Companies may designate three representatives to receive all AEE publications. Other delegates may be added at reduced rates. Company delegates receive:

- ▶ Energy Engineering Online
- ▶ Strategic Planning for Energy & the Environment Online
- ▶ Sustainable Facility Online
- ▶ Engineered Systems Magazine
- ▶ Business Energy Magazine
- ▶ AEE Energy Insight (online)
